

Dillard University

Alamo Community College District (ACCD) on behalf of St. Philip's College

ARTICULATION AGREEMENT

Since higher education budgets are limited and imaginative methods must be found to effect economics without affecting quality, and

Since Dillard University and St. Philip's College have as their major mission to empower our diverse communities for success.

Since geographic locations of these institutions argue for close cooperation between the two institutions, and

Since the full and active cooperation between Dillard University and St. Philip's College will underscore for the States of Louisiana and Texas the importance of university-community college interactions, therefore:
