What do you think a college should look like?

- Located on 55 acres in a residential suburb of New Orleans, Dillard University’s campus is a beautiful setting for academic engagement and learning.
- Gleaming white buildings, stately live oak trees, large open spaces, and sweeping green lawns create a picture-perfect college environment.
- With students, faculty and staff crossing paths each day on foot, the campus is a walker’s delight.
- From the center of the campus, every building is less than a five-minute walk.
- Our campus is also home to two LEED certified, state-of-the-art buildings: The Professional Schools and Sciences Building and the Student Union Building.

What should I be doing to prepare for college?

9th Grade:
Kick off high school with a great start. Make the best grades possible to ensure that when you are applying to colleges you will be accepted and considered for scholarships.

10th Grade:
Begin taking practice tests such as the PSAT/NMSQT to prepare you for the ACT and/or the SAT.

11th Grade:
Begin thinking about what you want to do when you get older and map out a plan to accomplish your goal. This plan should include college choices and possible academic majors.
Experience Dillard University’s fall open house.
Register for the ACT and/or SAT! It’s never too early to begin taking these tests.
