

Dillard Campus

Located on a 55-acre tract in Gentilly, a residential area of New Orleans, Dillard's campus is a beautiful setting for academic study and learning. Handsome white buildings, stately live oak trees, large open spaces and sweeping green lawns create a picture perfect college environment. With students and faculty crossing paths each day on foot, the campus is a walker's delight. From the center of campus, every building is within a five minute walk.
