2022-2023 FAFSA Verification Worksheet

Your Free Application for Federal Student Aid (FAFSA) was selected for review by the U.S. Department of Education in a process called “Verification”. This means Dillard must compare the information from your FAFSA, your 2020 Federal tax transcript, this worksheet, and other financial documents. If there are differences between your FAFSA information and your financial documents, additional information may be requested and/or corrections will be processed. The law says that we have the right to ask you for this information and resolve any conflicts before awarding Federal financial aid (34 CFR, Part 668). You must provide Dillard University with all the requested applicable documents. Additional required “Documents/Forms” are located on our webpage – you can access Financial Aid’s webpage from www.dillard.edu.

Your Federal financial aid awards will not be offered and/or finalized until the verification review is completed and validated.

All information/documents/forms should be forwarded to Dillard University at the address or via fax number above. Please submit all required information as soon as possible. If more space is needed please include an additional sheet to indicate the required information – make sure to include the student’s name and ID number on each additional sheet that is submitted.
